## Glimpses of Activities

## From Director's Desk

The school has been unfolding its petals each year, since its inception. Each unfolding petal has spread the fragrance far and wide, with the definite purpose of opening new horizons in the vast space of learning. As an institution engaged in life-building and character - moulding endeavours, R.E.D. has gained name and fame as one of the best schools in the region.

Aristotle once said "Educating the mind without educating the heart is no education at all." The need of the hours is to help our children become independent thinkers and develop integrated personalities. In parallel with this thought we at R.E.D. always believe that education should create the pupil's life as a whole in terms of positive attitude towards life, decision making skills, learning about the world around them, and of all a good human being.

It is our mission to establish a quality conscious school where excellence is driven by values, success is strengthened by ethics and modernity is fortified by tradition

My message to the Principals, staff, students and esteemed parents of R.E.D. Group of Schools is to dedicate this year to provide holistic education where children evolve as individuals who are self motivated and creative, who can think, question and learn out logically.

## From Principal's Desk

The year 2004 marked the beginning of an era as the gates of R.E.D. School, Jhajjar opened to cater to the education needs of hundreds of students. This institution was created with an objective of providing an outstanding 360 degree education in character building, leadership, extra and co-curricular activities along with academics. The journey that is laced beautifully with triumphs would not have been possible without the support of the parents. Thank you for entrusting us with the future of your children, for entrusting us to sculpt their minds, enrich their souls and ignite the spark of lifelong learning in them. I also dedicate this coveted honour to all our students for displaying exceptional hard work in the pursuit of excellence by achieving honours & distinctions in not only academics but also in allied arenas of arts, creativity and sports. This dedication and respect makes us proud. I take this opportunity to acknowledge the extreme hard work of our dedicated staff by working round the clock to keep R.E.D. at the zenith of success.

It is rightly said "A dream becomes a goal when action is taken towards its achievements" and we are committed in taking constructive and purposeful actions to produce optimistic, independent, compassionate, lifelong learners and leaders who will bring glory to the school, state and nation.
