Director's Message

Sh. Jitender Singh Ahlawat

"Our mission is to provide holistic growth of every CHILD to enhance his learning competencies through a strong character building process".

At R.E.D. School, Jhajjar, we recognize, nurture and treasure every child's uniqueness. School is the best place to mould the life of children. We emphasize on LEARNING and not only preaching. Our endeavor is to equip our students with LIFE SKILLS to face the real world. The vision of the school to groom students through a holistic learning can only be achieved if all the stake holders namely school, parents and students relentlessly strive towards attaining it.

Academic and activity excellence can be attained if we have the right attitude; and this task does not seem so insurmountable with a team of dedicated faculty. Emphasis would be on new ideas and implementing the feasible ones within the ambit of the policies of the school.

We welcome all the suggestions.
With best regards!!
Director, R.E.D. Society

We build the essence of community each day in classrooms by teaching them to act responsibly, take responsibility and treat each other with respect.

Our goal is not only to promote literacy, but more importantly, to inspire our students to read and write as communicators.

I urge the parent's fraternity to take an active part in what your child is required to do at home and to support their kids. **The road to a successful adulthood starts early.** We strive every day to make sure that while the path may not be easy at times, what is learned at RED will inspire students to do the best.
