## From Principal's Desk

Dear parents and students,

"Encourage everyone who continually makes progress, no matter how slow."

I feel extremely fortunate to be a member of RED fraternity, personally I'm extremely excited for RED School, Jhajjar for a variety of reasons, but most importantly, I look forward to work with the students, staff and parents to make this last and final quarter of the year the best educational experience possible for our children.

We are a team committed to create a challenging learning environment in a loving community. You are also a vital part of that team, and we want your support.

I personally believe in empowering learners to grow academically, socially and emotionally by developing and supporting independent thinkers and problem solvers who strive for excellence in the classroom and community. We strongly trust on all students and make

them participate in extra-curricular opportunities and develop confidence along with leadership qualities in them.

Thank you all for your continued dedication to RED School, and for entrusting us with your most precious possession, your children. I wish your whole hearted support and co-operation in future too, to give your child a better tomorrow.

Love and Regards
